

## STUDENT AGREEMENT

I want to sing correctly and well, and know that it takes work, patience and practice to reach this goal.

I understand that:

- ♪ To become a better singer, I must pay attention to my teacher, practice daily and attend my lessons as scheduled. I will do my very best to practice what my teacher recommends for me at least 5 days a week.
- ♪ I should review the notes my teacher gives me.
- ♪ Proper breathing and posture are very important.
- ♪ Practice doesn't mean just singing through an entire piece. I need to take time to work on the parts that are hard for me. Then I can put the whole piece together.
- ♪ Sometimes my teacher will assign a piece that I don't necessarily like, but it is a good piece for technique or my repertoire.
- ♪ My teacher may ask my parent to help me remember something important about how and what I need to practice.
- ♪ I need to enter my practice time in the website practice log so everyone will know how I'm doing with my practicing.
- ♪ I will bring all my music, a pencil and my notepad to every lesson.
- ♪ Sometimes I will feel frustrated, but if I keep working I will learn.
- ♪ Lessons are a commitment just like any other extra-curricular activity.
- ♪ My teacher will always help me.
- ♪ Singing should be fun!
